

Abingdon Primary School and Children's Centre Parent Information Sheet

Nursery 2 – Autumn 1

Making new friends

Aspiration:

Children will be learning skills and developing confidence to venture out and explore the world to play and learn at Nursery.

Resilience:

Children will be developing their problem-solving skills and discovering the enjoyment that comes from learning something new!

Commitment:

Children will come to nursery every day and learn the routines of Nursery 2.

Harmony:

Children will begin to develop a sense of self and the importance of 'belonging'. They will learn how to play together, take turns and share in a caring way.

September 6th– October 22nd (7 weeks)

Topic Challenge Home Learning

This half term is all about change, as we settle into our new routines, make new friends and watch as the seasons change from Summer to Autumn. You can help your child's learning at home by talking about these changes.

You could:

- Check Class Dojo regularly with your child talking to them about what you can see in the photographs.
- Draw a picture with your child of a friend they have made at Nursery. What can they tell you about their friend?
- Go on an Autumn hunt, what clues can you find that summer is coming to an end? Can you find any conkers yet, or rusty coloured leaves?

As Authors:

We will be reading and joining in with the stories of 'Ten Little fingers and Ten Little Toes', 'Where, Oh Where, is Huggle Buggle Bear?' and 'The Everywhere Bear'.

As Explorers:

We will be making choices about where to play in Nursery. We will also be exploring the outside environment and observing the changing of the seasons.

As Creators:

We will be making, painting and collaging. We will learn more about colours and colour mixing.

Useful Information:

At Nursery, we are learning how to brush our teeth properly. Please brush your child's teeth twice a day and talk about the importance of good oral hygiene and making healthy choices.

The Children's Centre can help you with registering your family at a dentist. Did you know, you can also claim free vitamins for your child from the Centre? Visit the Centre for more information.
