

# Parent Information Sheet

## Year 5 - Egyptians

This term, we will be learning about the ancient Egyptian civilisation. Our research will focus on the reasons for the mummification process. We will also look at the location of ancient Egypt and the important structures such as the Pyramids.

### Aspiration:

Children will focus on preparing themselves for year 6 and taking ownership for responsibilities.

### Resilience:

Children will have the opportunity to discuss reasons why people have a desire/drive to reach certain goals, especially when personal circumstances are involved.

### Commitment:

We will continue to be committed to strengthening our not giving-up attitude when work becomes a challenge.

### Harmony:

We will continue to work together with friends and peers and work through problems together.

6<sup>th</sup> June - 22<sup>nd</sup> July

(7 weeks)

### Topic Challenge Home Learning

We would be grateful if children could find out about anything that interest them that they have looked at so far.

We have been learning to tell the time in maths. It would be great if we could practise our skills at home.

### As Scientists:

We will be thinking about the human and animal life cycles and how we change over time.

This will include talking about the changes our bodies go through as we grow up.

### As Artists:

Children will be creating their own Egyptian artefacts.

### As Historians:

The children will explore the Egyptian civilisation, learning about mummification, Pharos and the building of pyramids through slavery.

### Useful Information:

PE will be on a Wednesday. Reading, Dojo comments and times tables need to be completed daily.
